

2019 6th International Conference on Advances in Biology and Chemistry (ICABC 2019)
Nanjing University of Science and Technology, China
June 24-26, 2019

Conference Introduction

2019 6th International Conference on Advances in Biology and Chemistry (ICABC 2019: <http://www.icabc.org/>) will be held in Nanjing University of Science and Technology during June 24-26, 2019.

It provides an opportunity for the delegates to meet, interact and exchange new ideas in the various areas of advances in biology and chemistry. ICABC 2019 aims to proclaim knowledge and share new ideas among the professionals, industrialists and students from research areas of advances in biology and chemistry to share their research experiences and indulge in

interactive discussions and special sessions at the event.

Good News

1. Publication

Option One: **International Journal of Bioscience, Biochemistry and Bioinformatics** (IJBBB, ISSN: 2010-3638) which can be indexed by Chemical Abstracts Services (CAS), Google Scholar, and ProQuest.

Option Two: **International Journal of Chemical Engineering and Applications** (IJCEA, ISSN: 2010-0221), which can be indexed by Chemical Abstracts Services (CAS), CABI, DOAJ, Google Scholar, ProQuest, and Crossref.

2. Famous professors as Speakers

Prof. Shen-Ming Chen, National Taipei University of Technology, Taiwan;

Prof. Xiaoheng Liu, Nanjing University of Science and Technology, China;

Prof. Bih-Show Lou, Chang Gung University, Taiwan;

Assoc. Prof. Kuo-Yuan Hwa, National Taipei University of Technology, Taiwan.

3. Academic Visit

There will be a one-day visit in Nanjing University of Science and Technology and Nanjing on June 26, 2019.

Important Dates

Paper Submission	February 5, 2019
Notification of Acceptance	February 25, 2019
Registration	March 20, 2019
Conference Dates	June 24-25, 2019
Academic Visit	June 26, 2019

Call for Papers

Topics of interest for submission include, but are not limited to: Advancing the chemical and biological engineering fundamentals; Thermodynamics; (Bio) Catalysis & reaction engineering; Particulate systems; Rheology; Multiphase flows; Interfacial & colloidal phenomena; Transport phenomena in porous/granular media; Membranes and membrane science; Crystallization; Distillation, absorption and extraction; Ionic liquids/electrolyte solutions; Multi-scale and/or multi-disciplinary approach to process-product innovation; Product design & innovation; Nano manufacturing; Controlled release of the active ingredient; Energy and environment; CFD & chemical engineering; Food engineering; Sustainable process-product development through green chemistry; Process intensification; Process integration; Nanotechnology; New materials & structured products; Intelligent polymers; Green organic synthesis routes; Environmental engineering & management; Sustainable & clean technologies; Systematic methods and tools for managing the complexity; Multiscale modeling and other related fields. (For more information, please visit <http://www.icmea.org/cfp.html>)

Submission Methods

- Submission System:
<http://confsys.iconf.org/submission/icabc2019>
- Conference Email Address: icabc@cbees.net

Contact us
